

ASSASSINATION OF SHAH FEARED

Otherwise the Situation in Persia Is Said to Be Improving.

PEOPLE BEING DISARMED

FOREIGNERS WHO WERE INJURED WILL GET DAMAGES.

Paris, June 26.—The private physician of the shah of Persia, who is now in Paris, expressed the belief today that the chief danger in Persia lies in the possibility of the assassination of the shah.

Barring this, he says, the shah will remain master of the situation in Persia, and he calls attention to the fact that the disorders have not spread generally throughout the country.

Tehran, June 26.—The situation here is steadily improving. The bazaars are reopening. Troops are today camped on the streets and the population is orderly and quiet.

Several foreigners were wounded or lost property during the recent disorders. The British and the Russian diplomatic representatives have made representations on the matter to the shah, who has promised to reimburse for all damages sustained by foreigners.

The latest news from Tabriz indicates that a renewal of the fighting there is imminent. The revolutionists are short of ammunition and the supporters of the shah are pressing their advantage.

Prince Meli-Eld-Dowleh, who has been appointed governor general of Persia, is gradually restoring order. There was no disturbance last night nor today. Patrols of Persian Cossacks suppressed all attempts at demonstration and are systematically disarming the people.

Public opinion appears to be steadily augmenting in favor of the shah, who is in almost continuous conference with his ministers at the palace, with the view of devising measures to guarantee order.

AGAINST INTERVENTION.

Russian Foreign Office Explains Recent Measures Taken.

St. Petersburg, June 26.—The Russian press expresses itself editorially as opposed to any form of Russian intervention in Persia, except for the protection of the lives and property of foreigners, or to save Persia from spoliation at the hands of Turkey.

The Novo Vremya explains that the shah, up to the present time, has observed the constitution faithfully and says the dissolution of parliament is permissible and would even be advisable.

Similar views regarding non-interven-

tion are held at the foreign office, where it was explained today that the British and Russian measures against a dynastic upheaval were not designed to interfere with the right of the Persian people to determine the form of government they should have, but merely to prevent bloodshed and the horrors of open revolution. With regard to the situation at Urmia, it was said at the foreign office that Turkey has promised to withdraw her troops from Persian points recently occupied, though they will remain in the region which the boundary commission is now adjudicating.

The foreign office is confident that this promise will be kept.

PROMPT PROTEST MADE.

British Legation at Tehran Surrounded by Cossacks.

Berlin, June 26.—The Lokal Anzeiger today prints a dispatch from Tehran, saying that among the refugees in the British legation there is Takizadeh of Tabriz, one of the best and most highly educated speakers of parliament, whom the shah desires especially to arrest. The shah therefore has caused the legation to be surrounded by a company of Cossacks. Yesterday a patrol of Cossacks examined carefully every person who tried to leave the legation.

The British minister, who previously had assured the shah that the right of an asylum would be granted only in cases of extreme danger to life, said his government's protest against such surveillance was an unprecedented insult and demanded the withdrawal of the Cossacks by 6 o'clock this morning.

All of the legations with the exception of the German and the American, have received refugees.

MILWAUKEE DEMANDS BETTER TREATMENT

Washington, June 26.—Charging five railroads with discrimination in favor of Chicago in the grain trade, the chamber of commerce of Milwaukee today filed with the interstate commerce commission two complaints asking the government to require the same through rates on all kinds of grain from stations on the defendant roads in Iowa, Minnesota and South Dakota to Milwaukee as to the Chicago markets.

CHARGED WITH REBATING.

San Francisco, June 26.—The federal grand jury today returned an indictment against the Southern Pacific company containing nineteen counts charging the railroad company with rebating in connection with shipments from Nevada for the Pine Box & Lumber company. A similar indictment containing the same number of counts also was returned against the Pine Box & Lumber company for accepting rebates.

ORDERED TO PAY \$500,000.

Pittsburg, Pa., June 26.—Judge James S. Young of the United States district court today directed the receivers of the Westinghouse Electric & Manufacturing company to pay \$500,000 interest due on bonds and notes of the above company on July 1. Judge Young also directed that on Aug. 1 the receivers pay \$100,000 interest on a \$5,000,000 loan of that company. The receivers stated they had sufficient funds to meet these obligations.

TABLED AFTER LIVELY DEBATE

Resolution Instructing for Bryan Beaten by Vermont Democrats.

STATE TICKET NOMINATED

COMMENT UPON RESULT OF REPUBLICAN CONVENTION.

Burlington, Vt., June 26.—The Democratic state convention adjourned tonight after a session devoted to the election of delegates to the national convention at Denver, the nomination of candidates for state offices and the adoption of a platform.

A resolution instructing the delegates to vote for William J. Bryan for the nomination for president was tabled by a vote of 133 to 37 after a lively debate.

The Ticket.

The state ticket is made up as follows: Governor—James E. Burke. Lieutenant governor—John W. Thurston. Treasurer—J. E. Burns. Auditor—Thomas B. Bragg. Secretary of state—James F. Higgins. Attorney general—J. J. Enright.

The Platform.

The platform declares that "during the years of Republican misrule and favoritism enormous and predatory fortunes have been amassed from the poor," and that "a great plutocratic peril has sprung up, dangerous alike to liberty and free institutions; that the people have been harassed and robbed by unjust taxation under a sham protective tariff, and that fraud and corruption have prevailed to an alarming extent."

Demand is made that the general and state governments "forbid the campaign contributions by corporations," and that "in dealing with corporations, even the federal remedies against monopoly shall be added to and not substituted for state remedies."

The platform favors "the strengthening of the interstate commerce law to accomplish its constitutional purpose, with legislation along the same line by the state;" an income tax, a postal savings bank and laws for the better regulation of banks for the protection of bank depositors.

The Aldrich-Vreeland act is condemned as "a makeshift, unjust and un-

BABY GIRL CRIED AND SCRATCHED

All the Time—Torturing Eczema Covered Her Body—Could Not Sleep—Doctor Said Sores Would Last for Years—Skin Now Clear.

CURED IN THREE MONTHS
BY CUTICURA REMEDIES

"I take great pleasure in telling you what a great help it was for me to use Cuticura Soap and Cuticura Ointment from my baby niece. She was suffering from that terrible torture, eczema. It was all over her body but the worst was on her face and hands. Her hands were so bad that she could not hold anything. She cried and scratched all the time and could not sleep night or day from the scratching. I had her under the doctor's care for a year and a half and he seemed to do her no good. I took her to the best doctor in the city and he said that she would have the sores until she was six years old. But if I had depended on the doctor my baby would have lost her mind and died from the want of aid.

"I used all the remedies that everybody told me about and I tortured the child almost to death. Then I saw in the paper how Cuticura was the thing for irritating skin. I bathed her with warm water and Cuticura Soap and used the Cuticura Ointment. She was cured in three months. Now her skin is as clear and smooth as it could be. I shall recommend the use of Cuticura wherever I see the skin in bad condition. Alice L. Dowell, 4769 Easton Ave., St. Louis, Mo., May 2 and 20, 1907."

reasonable in its terms and provisions, in the interest of the money powers."

Election of United States senators by direct vote; the eight-hour day and an employers' liability law are favored, and demand is made for "such modification of the law relating to injunctions as will prevent the issuing of a process of this kind in industrial disputes, at least excepting upon notice to defendants, and, if requested, a full hearing."

Commenting on the nomination of Secretary Taft on the Republican ticket, the platform asserts that "never before in the history of the nation has the retiring president, with the assistance of his office holders, committed so grievous an offense against decency and popular government."

MOTION FOR NEW TRIAL.

Washington, June 26.—A motion for a new trial and an arrest of judgment was filed late this afternoon on behalf of Frederick A. Hyde and Joost H. Schneider of San Francisco, recently convicted in the criminal court here of the charge of conspiring to defraud the United States out of numerous acres of public land in the west. Arguments on the motion will be adopted next fall when the court meets for the October term.
